A huge thanks to everyone who attended the meeting. Another meeting will be held in the YMCA to discuss the different organizations that will attend.

Literature: Wanted to check that the landline number was removed from the NA website. Also the P.O. box needs to be removed as it is no longer a valid address.

Phone: A request was made to see if the phone could be left on from 4-9 Daily instead of 6-9. This was to facilitate professionals wishing to contact NA during office hours. It was agreed to do this in the short term and look to making it permanent.
